

Catalogue of hunter-gatherers

Important note: Following Human Relations Area Files, the hunter-gatherers included in this catalogue are or were either “hunter-gatherers/foragers” who have been known to “depend almost entirely (86% or more) on hunting, fishing, and gathering for subsistence” or “primarily hunter-gatherers” who have been known to “depend mostly (56% or more) on hunting, fishing, and gathering for subsistence”. The catalogue is subject to revision since many of the following cases are uncertain while many others are under review to be included (or not).

1. Aakwankala (Namibia)
2. Aasa/Aasáx (Tanzania)
